release of your brother-in-law, young E. Q. Bell, who was seduced into the ill-fated Lopez expedition. The Government of the United States has also requested me to intercede in his behalf. But, even without such request, it will be my greatest happiness to be in any degree instrumental in restoring to his afflicted mother and family, his country and friends, one who, though in an evil moment led astray by older and more artful men, seems possessed of so many generous and redeeming qualities. I will endeavor to secure the liberation of all the prisoners—which I think would be best for Spain, and I know would be most agreeable to the people of the United States. They have already been punished enough for their folly, and Spain has had vengeance enough too. The unfortunate affair at New Orleans and elsewhere in the United States, in which Spain believes there has been great insult and outrage to her flag, and injuries to her subjects resident in the United States, have much complicated and added greatly to the difficulties of the release of these prisoners. If all cannot be soon discharged, I will then try for a few of the most meritorious and unfortunate of them, for whose release my special intercession has been asked; and I repeat to you that among them your brother, and the son of a most distressed mother, shall have a conspicious place in my efforts.

Yesterday I received a letter from the American Consul at Cadiz, informing me that the vessel Primera de Guatemala, in which young Bell is mentioned in the papers as having sailed, had arrived at that port after 66 days passage from Havana; and it was uncertain when he wrote where she would be ordered for quarantine, whether to Vigo or port Mahon, in the Mediterranean. I have taken all proper steps for communicating with the prisoners; and as soon as 1 know where they are destined will forward the letters to young Bell. I shall, too, do all in my power to alleviate their hard fate, and would see them in person but for the great distance of this city from the coast, the difficulty of internal communication in this peninsula, and the conviction that I can serve them better by remaining here, where my pressing duties occupy all my time.

Say to the disconsolate mother and family of the unfortunate young man to be of good cheer, and hope;

Very truly yours, D. M. BARRINGER. To B. F. DEBow, Esq., Charleston S. C.
